**At Work on McMillan Dam.**

The government crews at work on McMillan dam were the day before yesterday seven times their usual strength, for a crew which was selected and put to work on the channel in the river, putting in scaffolding and doing other preparatory work for the erection of the new dam.

We understand that the work will be continued until the new head-gates are joined and the dam is fully restored from the effects of the big flood of 1904. The engineers of the Reclamation service will undoubtedly complete this work in the same thorough manner in which the Avillo dam was rebuilt, and make it safe from injury by any possible flood of the future. Future and Progress.

**Will Robinson Still Quarantined**

John, six-year-old son of Mr. and Mrs. Will Robinson, 203 Missouri Avenue, who has been a very sick boy for more than two weeks with scarlet fever, continues with only nominal improvement. The whole family is of course, under rigid quarantine, and it may be several days yet before the editor is released. During his absence from the Register-Tribune office the rest of us are doing the best we can under the conditions, which we feel sure will be understood and pardoned by our patrons. The same indulgence is asked of the people of Lakewood, Lake Arthur and other points where the Tenderfoot was compelled to cancel lecture dates. Register-Tribune.

Taylor Edward A. Mann, of Carlsbad, president over the one of the men had been arrested in San Joaquin, in an open boat at Keweenaw. It is believed that he was captured in the harbor of Quonochontaug, Rhode Island, and was arrested in two separate charges. The last winter he obtained birth in violating the anti-gambling laws of California, first by operating and then by gambling, two thousand dollars, two horses and two mules, and by running a lottery, the bottom hand cut off. **Suffering and Dollars Saved.**  
It is Louis, of Mount, New York, who has applied a Chinese secret to relieve him of his suffering. He says he suffered from a severe pain in his back, and after many useless efforts to relieve it, he found a Chinese doctor, who told him to take a pipe and smoke opium. He did so, and the pain disappeared. He says he has never since suffered from such a pain, and often smokes opium. Louis is a man of 50 years of age, and has a wife and three children.

**A Pipe Dream.**

Carlsbad, N. M., April 6. To take a man's tobacco away from him is pretty strong treatment, and to land on a cinnaman by taking his "slope" pipe and opium can is rather harsh on the "shink," not to mention that on this Yee Lee and Quang Chong Chinese laundrymen, are financially losers one hundred dollars. Several nights ago they were aroused from their Oriental dreams late at night, and when they opened the door two rough-looking highwaymen held them up at the point of a sixshooter and an open knife, and took one hundred dollars, two opium pipes and two cans of opium.

The officers have clews and are working on the case, and it is claimed that they were two young toughs from Amarillo, Texas, who stopped off here
